Dear Judge Rodda, W-02240A-06-0010

On Sunday February 5, 2006 I sent an electronic message to Mr. Tim Edwards in care of Arizona Small Utilities Association at Mr. Edwards e-mail address of record listed as tedwards@asua.org. Additionally, I sent by First Class Letter mail a follow up to my e-mail, this follow up addressed to Mr. Edwards and the Service List as shown on your Procedural Order dated February 2, 2006. Attached to this letter are copies of my original e-mail to Mr. Edwards, my original letter to Mr. Edwards, and a copy of the response that I received from Mr. Edwards dated February 8, 2006. As of today, Mr. Edwards and/or Arizona Small Utilities Association have been non responsive to my request for data that I was hopeful of getting to allow my making an analysis of the water companies situation in greater depth than an analysis that I could otherwise make with only the limited information that I have been able to assemble.

Based upon this information, and the non responsiveness on the part of Mr. Edwards and/or Arizona Small Utilities Association, I would respectfully request that you:

- 1.) Find that my request for data was in accordance with both your Procedural Order dated February 2, 2006 and our conversation during the Telephonic Procedural Conference dated February 1, 2006.
- 2.) That the data that I requested was legitimate, and proper in view of the matter before your Court.
- 3.) That Mr. Edwards acting in his position as Executive Director and/or Arizona Small Utilities Association have been non responsive to my request.
- 4.) That Mr. Edwards and/or Arizona Small Utilities Association is in contempt of a lawful ruling over which you have authority, and that Mr. Edwards and/or Arizona Small

Utilities Association should be required to "Show Cause" as to why penalties should not be imposed upon them.

- 5.) That Mr. Edwards and/or Arizona Small Utilities Association shall be compelled to provide that information already requested and the following additional information: a.) A subscriber list of all of the addresses of record of all of the water companies, and b.) A Profit and Loss Statement, by month, by Company, for the period beginning January 1, 2004 and continuing until the present period, and c.) A Source and Use of Funds Statement, by month, by Company, for the period beginning January 1, 2004 until the present period. This information shall be available to me on a schedule mandated by the Court.
- 6.) It is not my desire to slow down or curtail the process from moving forward even though I do not currently possess all of the data that I believe that I would otherwise require to be able to provide a more thoughtful and complete presentation; therefore, I would ask that the Court provide to me a greater degree of latitude in both my presentation of my proposal to the Court, and of my asking questions of witnesses.
- 7.) That the Court consider the non responsiveness of Mr. Edwards and/or Arizona Small Utilities Association when rendering a judgment concerning the matter presently before the Court and consider putting into place those requirements that, in the opinion of the Court, will help to assure compliance with the directives of this Court or the Commission.

I thank you for your assistance in the unfortunate matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Steve Cockrum", written in a cursive style.

Re: Data Request In the Matter of the Application for Emergency Interim Rate Relief for Miracle Valley Water Company, Inc. Et al. Docket # W-01646A-06-0010 Et al.

Dear Mr. Edwards,

I thank you for your willingness to provide to me certain information that will assist me in completing my analysis of the water companies situation and to facilitate my presenting what I believe to be an acceptable alternative to your application proposal. I would note that even though my proposal will differ from your original proposal, it has been my goal to achieve all that you have intended to achieve in your original application.

With that having been said, would you please provide to me at the soonest opportunity the following: 1.) The Water Use Data Sheets ("WUDS"), by company, by month, for the period January 1, 2005 through December 31, 2005 and 2.) The gross dollars billed, by company, by month, for the period January 1, 2005 through December 31, 2005 and 3.) Subject to your advising me differently, it is my understanding that there are no metering devices anywhere on the connections of the Sierra Sunset Water Company system. While I realize that these connections are only a small percentage of the total of all of the connections on all of the system companies, I nevertheless find that situation troubling. Can you tell me by what method you bill the customers on that system? Additionally I would like to know what the total billing, by month has been for that company during the period January 1, 2005 through December 31, 2005 and 4.) Can you confirm for me that in your filing of the Operating Report in the Bankruptcy matter, that on the Income Statement identified as Page 3, that the Gross Revenue reported for the Current Period is the total companies billings and that the Year to Date reflects the total Gross billings from January 1 through the current reporting period. And can you confirm that the figures that are reported on

the Current Month's Receipts and Disbursements identified as Page 2 as Cash Sales are the actual amount of payments that have been received during that reporting period? Thank you for your prompt response.

Sincerely,
